

Mission Resupply

By Stronger Warrior Foundation

What is Mission Resupply?

Mission Resupply is a personalized care package program for deployed United States service members. SWF care packages come in the form of 100% U.S.A. hand-built crates that are built by our staff and then personalized by the sponsor through crate decorating, personalized letters, event pictures, and a personalized video message through our website. Our organization then packs the crate full of awesome stuff and then ships it to the Warrior! To make things even better, Mission Resupply helps fund the SWF Adaptive Warrior Program which provides housing modifications for disabled Veterans.

How Does Mission Resupply Work?

Mission Resupply works in three different ways:

1. Send a care package from home - This is done through our website or a \$40 donation that is designated for the Mission Resupply program.
2. Send a care package through an event - This is done by setting up an event either through our website or by contacting our Co-Executive Director, Katelyn Abell, at 248-520-6386 or at katelyn@strongerwarriorfoundation.org.
3. We Send - Based on general donations our organization sends care packages continuously.

Option 1: Send a Care Package From Home

This is the best option for those that can't attend a Mission Resupply Event. This option is easily done by going to our website, navigating to the "Mission Resupply" tab, selecting "Send Care Package", and then selecting "From Home". On our website you will be able to select from pre-decorated and pre-packed crates to send overseas to our troops. You will also be able to get the unique box code for the care packages you send, which will allow you to upload a video message to our website that the care package recipient will be able to view.

SERVICE. HONOR. STRENGTH.

Option 2: Send a Care Package Through an Event

Through our website we allow organizations, teams, or groups to create their own unique events that allow them to send care packages to our deployed troops. This is done by navigating to the "Programs" tab and then clicking on "Mission Resupply" on our website, or by reaching out to Katelyn Abell at 248-520-6386 or katelyn@strongerwarriorfoundation.org. There are 3 phases to a Mission Resupply Event:

Phase 1: Scheduling - Schedule the event day, time, and physical location.

Phase 2: Fundraising - Raise money with the rest of your organization, team, or group through our online fundraising tool that will cover the cost of sending the care packages.

Phase 3: The Event - When you show up on the day of your event we will supply the crates, decorating materials, photography, letter writing material, and just about anything else you could think of! The amount of crates we bring to the event is based on how much your organization, team or group was able to raise during the fundraising phase. Every \$40 = 1 Crate.

At the event you will also be able to upload a personalized video message to our website that will be viewable by the care package recipient. Once the event is over we take the crates, pack them full of awesomeness, and ship the crate to deployed troops.

Option 3: We Send

Option 3 is our organization internally sends care packages to deployed Military Personnel. A portion of general donations are allocated toward the Mission Resupply Program which allows the foundation to continuously send care packages to our Warriors!

SERVICE. HONOR. STRENGTH.

What's in The Crates?

Each crate is filled with items that have been identified by previously deployed service-members. We gather items through generous donations from companies and donation drives held by you. If you are a business, company, or organization that is interested in donating your goods or products to our crates please contact Katelyn Abell at 248-520-6386 or katelyn@strongerwarriorfoundation.org. Community donation drives are also highly encouraged! These can be scheduled through the contact above or on our website under the "Get Involved" tab.

How To Upload a Video Message?

Step 1: Acquire your box code.

Step 2: Go to our website, select "Mission Resupply" under the "Programs" tab, and then follow the instructions on the screen.

Still have questions? Reach out to Katelyn Abell at 248-520-6386 or at katelyn@strongerwarriorfoundation.org
